India Pale Ale

ALC. 5,6% VOL

Intensively fruity while simultaneously dry and crisply bitter. The Japanese hops lend the drink a pleasant bouquet of coconut, lychee, and lemon grass. Brewed with a specially developed temperature-controlled hop dispenser to produce the unique, stable hop bouquet. An IPA in the best sense - single hop, original, and surprising.

Goes well with seafood, spicy Asian dishes, curries, burgers, filet of beef

INGREDIENTS: BREW WATER, BARLEY MALT, WHEAT MALT, DEXTROSE, NATURAL HOPS, YEAST [THE SUGAR IS COMPLETELY FERMENTED DURING BOTTLE CONDITIONING - THE TRADITIONAL METHOD]
